

WHO IT'S FOR

Five industries. Five receptionists.

Scan yours. Talk to
the one built for it.

HVAC

No heat at 2 a.m. Nobody waits until
nine.

Law firms

It happened Friday night. Your office
opens Monday.

Dental

New patients don't leave voicemails.

Med spas

A booking form can't answer "will it
hurt?"

Behavioral health

Someone finally worked up the
courage to call.

No scanner? Type in **ondutyagent.com**. And these five
are not the limit — if your business has a receptionist, we
can build yours. Book a call on the site.

OnDuty Agent

ALSO FROM US

Once the phone is handled, fill it.

Websites that book
appointments, and the
marketing that gets you
found. **Scan to see it.**

**Marketing that makes
you stand out, and keeps
you consistently booked.**

■ Websites that get you called

Works on a phone, easy to book from, and
your number never more than a tap away.

■ Your Google listing

Usually the first thing they see. Photos,
hours and services kept current, so it sends
them to you.

■ Get found in your own town

So when someone nearby searches what
you do, you come up — not the guy one
town over.

hello@ondutyagent.com

ondutyagent.com

Marketing on its own, or alongside the receptionist — one
invoice either way. Every build runs under a signed BAA,
and we sign one with your practice too.

OnDuty Agent

Never miss another call.

An AI receptionist that answers in one
ring, books the appointment and
captures the lead. 24 hours a day, in
the language of your industry.

**Scan it. Talk to the receptionist
yourself.**

It picks up immediately.
